Hi Ginny:

I am reviewing this deliverable and was planning on making some very focused comments per your narrow focus outlined in your message. Just wanted to make sure that is ok with you. Trying to add value without making more work for you.

Steve, Mike and Robert-

EPA intends to transmit comment on the Aerovox Phase III RAP to MassDEP by COB September 9, 2016. Please review and **get me comments on the document by COB September 8, 2016** so that I can consolidate comments to get to the DEP on the 9th. Our

comments should be limited to matters related to the impact of the alternatives evaluated and the elements of the selected alternative on the Superfund cleanup and/or impacts to the harbor – i.e., generally our comments should relate to concerns or questions related to the OU3 remedial alternatives and OU3 selected alternative. I do not want to send DEP voluminous comments so please attempt to focus comments on significant concerns and issues. Thanks.

Kim Tisa may be issuing TSCA related comments on the Phase III directly to AVX.
